

EXPANDING OUR PRACTICE: MEET OUR NEWEST PARTNERS

Weil

Weil is incredibly proud to announce its vibrant class of newly elevated and lateral partners.

In 2020, we promoted 13 new partners and added five laterally – for a total of 18 new Weil partners globally. These partners represent our Corporate, Litigation, Restructuring and Tax Departments and are resident in five of our global offices and across the various jurisdictions in which we operate.

We understand and greatly appreciate the many challenges that our clients have faced throughout 2020, as well as the uncertainty that remains with us as we move into 2021.

Our primary message to everyone at the

start of this New Year is one of hope, health and safety. Coupled with that, we would like to extend our sincerest gratitude for continuing to entrust us with your most significant and sensitive business and legal matters throughout the course of this last, most uncertain and anxious year.

We have great faith that this new class of partners will be well poised to handle whatever challenges and unknowns might come our way in 2021 and beyond. These motivated and talented lawyers enhance Weil's ability to solve your most sophisticated business and legal needs in ways that are both creative and pragmatic.

As a firm, we do not take for granted the trust and faith you place in us, and we will continue to strive to earn that confidence on a daily basis. We look forward to working with you – our trusted clients, colleagues and friends – on the important issues that will come our way in the New Year.

Please join me in welcoming this new class of partners. I know I speak for all of them when I say that they look forward to working with you in the coming year.

And please stay safe.
